I haven't played EU4 in quite a long time and a friend decided to gift me the Domination DLC and I was fooling around and released Bulgaria and found out that Bulgaria has a unique

A Containerized Energy Storage System (ESS) is a modular, transportable energy solution that integrates lithium battery packs, BMS, PCS, EMS, HVAC, fire protection, and remote monitoring

The system is designed for stationary battery storage applications requiring top-tier safety, reliability and performance. The BESS project stands

I just had my first extended run with Bulgaria as Fascist Regency, now I want to try a Communist Bulgaria and the Balkan Federation path. When I was going for the Fascist Regency, I

Recently I had a blast playing the empire of Portugal and Brazil - not joining any primary factions, just waging independent wars against weaker sides of China-Japan, GER-SU, SU vs Allies

I went fascist as Bulgaria, joined the Axis, and went about to form a greater Bulgaria and control the Bosphorus for myself. I capitulated Turkey in late 1940, and by 1942 I was knee deep in the

Stay informed about the latest developments in rapid deployment photovoltaic containers, mining photovoltaic containers, island off-grid containers, construction site photovoltaic containers,

The Plovdiv energy storage project exemplifies how modular design meets Bulgaria's energy transition needs. By combining cutting-edge battery technology with adaptive thermal management, it sets new

Bulgaria has become a very fun axis minor to play, if you overcome the initial tedium of dealing with rival parties and potential civil wars. Very fun to play in historical mp IF your Germany

We are committed to excellence in solar container and energy storage solutions. With complete control over our manufacturing process, we ensure the highest quality standards in every solar container
