Recently, one of those DIY hack videos popped up on one of my social media feeds. In it, the creator claimed " I turn CD/DVD into a solar panel,"

As @Eclectic said many people use AB as a coping tool for medical issues. I'm bladder incontinent from neurological issues. Caused by a SCI from a ruptured disc in my cervical spine

Creating a simple solar panel using CDs can be an educational and hands-on way to learn about basic photovoltaic principles, electrical circuits, and

CD solar panels are a popular DIY idea, but they don't actually generate usable electricity. Here's why, and what actually works instead.

Making a solar cell from a CD is not as hard as it may seem. It can be a fun and rewarding project for anyone interested in learning more about

Here we unveil a captivating journey into creating a solar panel using CDs. Embrace the DIY spirit and generate your electricity with a touch of

I kinda slept on the introduction, so.. better late than never, I guess. My name is DiaBud (of course, this isn't my real name, duh), I'm a guy the last time I checked and generally love to make

Discussions about dealing with incontinence. Continent folk may post, but they must be respectful of the people who are incontinent. As with the rest of ADISC, threads asking how to become incontinent

Greetings! Obviously I am new here, but I am def enjoying the site so far. I live in Calgary, Alberta. I am a bit shy like some of you no doubt. That being said I am here to learn & perhaps even make some

How to Make a Photovoltaic Solar Panel With CD Discs In this video we teach you how to make a photovoltaic solar panel with CD discs. For this ex...more
