Master the art of creating effective work instructions with this comprehensive guide. Learn how digital tools, templates, and best practices improve reliability, efficiency, and compliance

Instructions, on the other hand, are highly specific and detailed. They break down a task into smaller steps, providing clear guidance on what actions to take, in what order, and how to perform them.

We use instructions to tell someone how to do something. We usually use imperatives. They do not sound too direct in this context:

Access IRS forms, instructions and publications in electronic and print media.

Definition of instruction noun from the Oxford Advanced Learner's Dictionary. Follow the instructions on the packet carefully. Always read the instructions before you start. Step-by-step instructions are
