Liquid (Quoine PTE) customer accounts are now fully managed through the FTX Claims portal. Please follow the link below to login to the claims portal, and choose "Liquid" from the drop down menu.

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS

The SolaX ESS-TRENE is an all-in-one C& I energy storage cabinet, in liquid cooling model. Equipped with high-performance LFP cells, advanced energy

Discover GSL Energy's advanced liquid cooling energy storage systems for commercial and industrial

It is a large multi-function smart energy storage station. Comprehensive and multi-level battery protection strategies and troubleshooting measures are in place.

TMS consists of one powerful chiller, one PTC heater and the liquid cooling pipe distributed in each battery module. The TMS will keep the battery work at best

Each battery cluster's power distribution is equipped with one control box. The DC side supports multiple parallel branch circuits converging into a centralized DC
