Discover the 5MWh Air-Cooled Energy Storage Container by Chennuo Electric. This highly integrated system offers smart monitoring, multi-level battery protection, and supports ...

Min Aung Hlaing seeks to "enhance" international relations and ties with ASEAN after coup plunged Myanmar into chaos.

Discover BOOSTESS's liquid cooling BESS container, offering 5MWh for efficient energy management and grid services. Get a quote now!

The 5MWh container energy storage system is a super cool solution that seamlessly combines different parts, like a Lithium iron phosphate battery,

The total capacity of the battery container is 5.016MWh, which integrates the battery system, BMS, fire suppression system, chiller, and environmental monitoring in the container, compatible with the 2h

Min Aung Hlaing, the army chief who ousted Aung San Suu Kyi's civilian government five years ago, has been sworn in as Myanmar's president.

The 5MWh Liquid-Cooled Energy Storage Container is a high-capacity, modular energy storage solution designed to enhance grid stability, optimize energy use, and support renewable energy integration.

Designed for efficiency and ease of use, this energy storage container system offers minimalist operation and maintenance, making it an attractive choice for industries that prioritize cost-effectiveness.

The Republic of the Union of Myanmar is a country with the biggest cultural heritage in Southeast Asia. The Burmese calendar is populated with the "12 seasonal festivals", born from the religious, social,

The people of Myanmar continue to suffer amid "widespread violations of international human rights law and international humanitarian law," as the cycle of impunity persists, the
