You are confusing Power Automate with Power Automate Desktop. The link you provide is for Power Automate, so those functions won't work in the PADesktop. There is an action named

You can retrieve the contents of the CSV file using the Get file content action in Power Automate/Microsoft Flow, and then using the Parse CSV action to transform the file contents into a

PV cells are made of semiconductor materials that free electrons when struck by light, producing electrical current.

Extract Value from Array in Power Automate Asked 1 year, 5 months ago Modified 1 year ago Viewed 8k times

Some PV cells can convert artificial light into electricity. Sunlight is composed of photons, or particles of solar energy. These photons contain varying amounts of energy that correspond to the

Is this just part of the building process? Or If I have one query A that loads across the network and 5 follow up queries that refer to query A will power query / excel be reading the across

I am writing a Power automate to copy emails from an Outlook mailbox to SharePoint. I am using Get emails (V3) and want to retrieve emails received on a particular date.

0 I have data being pulled from a SharePoint list to an Excel file and I'm trying to use Power Automate online to create a scheduled flow that will trigger the "Refresh All" button for Power

Is there a way to add line breaks in a string of text in M (Power BI)? Asked 5 years, 6 months ago Modified 3 years, 2 months ago Viewed 34k times

But in Power Automate, if I use the "Send an HTTP Request" action (under "Office 365 Outlook") and send a request to that same endpoint, it returns a lot of the message information but
