I'd be surprised if "related" here doesn't mean belonging to the same family. [Entry 2] Its normal that prospective employers won't want family members to give you a reference as they

Per Etymonline: "Bank" as in the side of a river comes ultimately from the Proto-Germanic root \*bankon, meaning "slope." "Bank" as in the financial institution ultimately comes from the

1 A synonym of home-related is domestic. A collective noun for painters, electricians and carpenters, etc. is trade services. So maybe "domestic trade services"? "Driver" is the odd one out

What is the correct use of the term "related"? For example, should I use it like computer related, or is it more proper to use computer-related (where the word "computer" is just part of my exam...

When you want to connect two closely related sentences, you can use a semicolon or a dash. (You can also use a dash for other kinds of non-sentential relations).

Does the choice between passive/active voice make any difference in the examples below? My question relates to your earlier work. My question is related to you earlier work. Nerve

Hybrid energy storage system challenges and solutions introduced by published research are summarized and analyzed. A selection criteria for energy storage systems is presented to

I have a feeling that maybe you use one preposition with people, and the other with situations. For example, you might relate with a student who's nervous about an exam, whereas you

Donut-a-thon / Place The list is fairly diverse and each of these items is related directly to the event in it's own unique way. They are things linked to another thing. What would you call these?

While several previous studies have addressed the issue of energy storage systems, each offering distinctive
